SHIBA INU REWARD TOKEN

WELCOME!!

SHIBA INU Reward Token

Welcome to SOLIDSHIBA, a simple reward token based on the Binance Smart Chain. All holders are passively rewarded in SHIBA INU for holding.

SOLIDSHIBA VISION

Shiba Inu is originally a cute small Japanese dog which is very dynamic and agile. With that being said, it is popular with not only dog lovers but also cryptocurrencies community, To maintain and preserve that perpetual trendy spirit and images of SHIBA, our team has designed a memecoin named after Shiba combined with solid. By that way, we will always try our best to promote for our brainchild and make commitment to help SolidShiba community grow stronger and faster than ever before. Despite the fact that SolidShiba is just a memecoin, we have a tentative plan to design valuable SolidShiba NFTs to reward our loyal diamond-hand investors.
